2.31 – Vendor’s key responsibilities include;

- Provide a reasonable means to prevent the transmission, or stem the spread of illness.
- Comply with hygienic practices as contracted, requested, or required by local, state, or federal law.
- Vendors who are experiencing the symptoms of illness are asked to fill out an Illness Report (see “Illness Report”)

- If the potential of illness is established on the tour vendors may be required to comply with the efforts to prevent the spread of illness at their expense (see “Addressing Established Illness” & “Addressing Potential Illness Outbreak”).
- It’s recommended that each vendor have an Illness Kit available during the tour, minus the administrative items (see “Illness Kit”).
- Obtain a copy of, and comply with the Illness Preparedness Plan as it pertains to the Bon Ton Roulet’s efforts to prevent illness on the tour.
- Ask questions.

2.4 – Participants – Includes those individuals who ride their bicycle, or support those who ride their bicycle in the Bon Ton Roulet Bicycle Tour. Such persons include the following;

Active riders
Non-active riders (injured, sick, etc.)
Personal SAG’s

2.41 – Participant’s key responsibilities include;

- Negotiate alternative illness prevention measures prior to the start of the tour if personal, religious, cultural and/or medical issues conflict with this plan.
- Maintain good hygienic practices wherever possible.
- Observe and obey all signage.
- Participants are not precluded, preempted, limited, superseded, or otherwise infringed from seeking medical attention on his or her own at any time through their health coverage provider.
- Ask questions.

2.5 – Route Attractions – In general, includes the hundreds of restaurants, stores, shops, stops, and attractions along the tour. The Bon Ton Roulet offers no expectation of compliance in reference to hygienic practices at these places, except as required by local, state, or federal law.

3.0 – Areas of Concern for Potential Transmission

Notes:

6.0 – Addressing Illness

The following section details the Bon Ton Roulet’s plan to recognize, report, establish, track, and address illness during the tour. While this is a guide, it does not preclude, preempt, limit, supersede, or otherwise infringe on anyone’s right to seek medical attention on his or her own at any time.

6.1 – Recognizing Illness

Participant Responsibilities:

6.11 – Giardia, E. Coli, Salmonella, Brucella, Cryptosporidium, and Norwalk are just some of the names referring to illnesses that can adversely affect human health. While not exclusive, here are some symptoms that may be caused by the onset of illness;

- Nausea and vomiting
- Abdominal cramps
- Diarrhea
- Chills or fever
- Weakness
- Headache

6.12 – Physical exertion, inclement weather conditions, eating diverse foods or beverages, changes in sleep patterns, or even a simple change in daily habits can trigger symptoms that mimic the onset of illness. **DO NOT pre-judge a participant’s condition.** Always err on the side of caution and report participant’s symptoms as soon as they occur.

6.13 – People who are experiencing the symptoms of illness are encouraged to drink plenty of replenish fluids to prevent dehydration.

The Bon Ton Responsibilities:

- Encourage participants to observe & obey hygienic practices.
 - Observe the general health of riders, and record any symptoms noted as the potential onset of illness.
-

6.2 – Communicating the Symptoms of Illness

Open communication is key in reducing the potential of illness.

6.21 – It is the policy of the Bon Ton Roulet to provide general information to fellow participants and vendors regarding the potential presents of illness on the tour, without devolving the personal health information of those who are ill.

6.22 – Health professionals and/or Bon Ton Roulet personnel may review and privately discuss information found on an Illness Report in an effort to address illness appropriately.

6.23 – To prevent the spread of illness ANYONE who is experiencing the symptoms of illness is **strongly encouraged** to fill out an Illness Report, designed to track and help prevent the spread of illness (see “Illness Report”). This includes the following people;

- Bon Ton Roulet Personnel
- Vendors
- Participants

6.24 – In cases where five or more individuals appear to exhibit similar symptoms a health professional may be contacted to assess the potential illness (see “CHD/LFD”). Contact the Bon Ton Roulet Ride Director.

Participant Responsibilities:

6.25 – The Bon Ton Roulet does not preclude, preempt, limit, supersede, or otherwise infringe on anyone’s right to seek medical attention on his or her own at any time.

6.26 – Reporting illness should continue until the participant is no longer exhibiting the symptoms of illness and has been informed that they no longer need to report.

The Bon Ton Responsibilities:

- Contact the Bon Ton Roulet Ride Director to discuss the illness.
 - Encourage participants to observe & obey hygienic practices.
 - Provide an Illness Report, encourage details, and fill out the portion labeled “Official Use” (see “Illness Report”).
-

6.3 – Illness Report

(Required Text)

The Illness Report is a separate detailed health questionnaire that should bare the specific text noted below. This includes the header and subsequent questions. All Illness Reports, blank or completed, are kept at the Information Area.

Participant Responsibilities:

- Participants who are experiencing the symptoms of illness are **strongly encouraged** to fill out an Illness Report fully. Participants are asked to circle their answers, print clearly, and reply NA if the answer is unknown.
- Participants are required to fill out a new Illness Report for each update. ❷ & ❸ are not required for subsequent reports.

* Questions 1, 11, 12, 13, 14, & 16 help to establish supporting information about potential illness.

- ❶ – Write the rider number in bolt print.
- ❷ – For privacy, provide pedigree information on back of report.
- ❸ – For privacy, provide medical information on back of report.
- ❹ – Write the current date and time.

The Bon Ton Responsibilities:

- Encourage participants to observe & obey hygienic practices.
- Tell participant that health professionals and/or Bon Ton Roulet personnel may review and privately discuss information found on an Illness Report in an effort to address illness appropriately.
- Reporting illness by completing an Illness Report should continue until the participant is no longer exhibiting the symptoms of illness and has been informed that they no longer need to report.
- ⑤ – Place your initials in this box.
- ⑥ – Circle the weather condition that existed the longest that day. Include any related observations in the “Notes” area, and the high temperature of the day.
- ⑦ – Write in the mileage that the rider actually biked that day.
- ⑧ – Write in the number of Illness Reports that exist for each participant in this box (example 1st, 2nd, 3rd, etc.)
- ⑨ – Write the number of “Yes” answers noted for questions 2-10.
- ⑩ – Participants are required to return to the Information Area to update their condition. Their return time is per the chart below.

** Assign a volunteer for participants to contact, or assign a time that compliments the Information Area’s regular hours.

6.4 – Establishing Illness

Symptoms do not automatically establish illness. The Bon Ton Roulet is responsible for determining if an individual has an established illness based on a review of all available data, or if a health professional deems their condition to be an illness.

The Bon Ton Responsibilities:

- Contact the Bon Ton Roulet Ride Director to discuss the illness.
- The following chart helps to establish illness given a completed Illness Report. Illness may also be established if a health professional deems their condition to be an illness.

<i>If...</i>	<i>...plus...</i>					<i>...then.</i>
Total “Yes’s” to questions 2-10 is...	Question 15 scale rating...					Is Illness established?
1	1	2	3	4	5	Not ill

2	1	2	3	4	5	ILL
3	1	2	3	4	5	Not ill
3	1	2	3	4	5	ILL
4+	1	2	3	4	5	ILL

Also...

- Provide general information to participants and vendors regarding the potential presents of illness on the tour, without devolving the personal health information of those who are ill.
- In cases where five or more individuals appear to exhibit similar symptoms a health professional may be contacted to assess the potential illness (see " CHD/LFD"). Contact the Bon Ton Roulet Ride Director.

6.5 – Illness Kit

It is **strongly encouraged** that an Illness Kit be available at the Information Area during the tour. Its contents are intended to help establish illness and track the spread of illness, and help prevent the transmission, or stem the spread of illness.

6.51 – Administrative items should include;

- Illness Reports (blank and filled out)
- Illness Preparedness Plan – Volunteer Handbook
- Illness Preparedness Plan – Rider Reference
- Notebook, Stapler, Disposable Pens & Pencils
- Masking Tape & Duck Tape
- “RESERVED USE” Signs
- Additional Signage (see “Signage”)

6.52 – Illness prevention products should include;

- | | |
|------------------------|----------------------|
| Sanitizing Spray | Facial Tissue |
| Sanitizing Wipes | Disposable Cups |
| Anti-Bacterial Soap | Absorbent Cat Litter |
| Hand Sanitizing Liquid | Thermometers |
| Small Disposable Bags | Food-Safe Gloves |
| Trash Bags | Health Safety Gloves |
| Paper Towels | |
| Toilet Paper | |

6.53 – This kit should **NOT** contain items or products used to medically treat, attempt to cure, or remedy an illness or its symptoms without approval or guidance of a health professional.

The Bon Ton Responsibilities:

- Dispense Illness Reports upon request (see “Illness Report).
- Dispense illness prevention products to participants only.
- Encourage participants to observe & obey hygienic practices.
- Observe the general health of riders, and record any symptoms noted as the potential onset of illness.
- Provide general information to participants and vendors regarding the potential presents of illness on the tour, without devolving the personal health information of those who are ill.

6.6 – Establishing the Passing of Illness

Participant Responsibilities:

Reporting illness by completing an Illness Report should continue until the participant is no longer exhibiting the symptoms of illness and has been informed that they no longer need to report.

The Bon Ton Responsibilities:

- Contact the Bon Ton Roulet Ride Director to discuss the illness.
- The following chart helps to establish if illness appears to have passed, based on sequential Illness Reports. Please note that this chart assumes that illness has already been established, therefore it errs on the side of caution. Illness may also be established if a health professional deems their condition to be an illness.

<i>If...</i>		<i>...plus...</i>										<i>...then.</i>
Total “Yes’s” to questions 2-10 is...		Question 15 scale rating...										Has illness passed?

4+	4 or less	1	2	3	4	5	1	2	3	4	5	Still ILL

Also...

- Encourage participants to observe & obey hygienic practices.
- Contact the Bon Ton Roulet Ride Director to discuss the illness.

6.7 – Addressing Established Illnesses

(Individual or Small Groups)

Participant Responsibilities:

Individuals or small groups who have an established illness are **strongly encouraged** to help participate in following activities designed to aide in their recovery and help prevent the spread of illness;

- 6.71 – Individuals who are experiencing illness are **strongly encouraged** to fill out an Illness Report designed to track and help prevent the spread of illness (see “Illness Report”).
- 6.72 – More frequently wash hands with an antibacterial soap or otherwise sanitize hands using hand-sanitizing liquid.
- 6.73 – Report health condition more frequently.
- 6.74 – Limit physical contact with others.
- 6.75 – Camp in a designated “RESERVED USE” area.
- 6.76 – Use designated “RESERVED USE” hygienic facilities (toilets, showers, sinks, etc.).
- 6.77 – Frequently wash clothing and equipment.
- 6.78 – Spray all camping and personal gear bag surfaces with disinfectant spray prior to loading them onto a gear truck.
- 6.79 – Bon Ton Roulet Personnel may require a participant with symptoms of an illness to consult a physician through their health coverage provider before continuing with the tour. Furthermore, the Bon Ton Roulet does not preclude, preempt, limit, supersede, or otherwise infringe on anyone’s right to seek medical attention on his or her own at any time.
- 6.710 – People who are experiencing the symptoms of illness are encouraged to drink plenty of replenish fluids to prevent dehydration.

The Bon Ton Responsibilities:

- Contact the Bon Ton Roulet Ride Director to discuss the illness.
- Encourage participants to observe & obey hygienic practices.
- Expand the *Glove Off Zone* to include the entire overnight stay area including buildings and related structures.

Illness Report

- Provide an Illness Report, encourage details, and fill out the portion labeled “Official Use” (see “Illness Report”).
- Tell participant that health professionals and/or Bon Ton Roulet personnel may review and privately discuss information found on an Illness Report in an effort to address illness appropriately.
- Upon refusal to provide detailed information on the Illness Report a participant with symptoms of an illness may be asked to consult a physician through their health coverage provider before continuing with the tour. Contact the Bon Ton Roulet Ride Director.
- Reporting illness by completing an Illness Report should continue until the participant is no longer exhibiting the symptoms of illness and has been informed that they no longer need to report.

Reserved Use

- Define a suitable “RESERVED USE” area for campers, an area that is at least 25-yards away from other campers and applicable Bon Ton Roulet utilized accommodations. Post proper signage.
- Designate an appropriate number of toilets and gratis service items, including coolers, for exclusive use by placing “RESERVED USE” signs in a manner that clearly defines exclusive use.
- Provide a “RESERVED USE” section in all dining areas. Where this is difficult to do so, provide an alternate mealtime for people with established illnesses. This mealtime should follow the mealtime for those who are not ill. Post signage with mealtimes.
- Provide trash bags for exclusive use in “RESERVED USE” area. Post proper signage.

Disinfectant for Bon Ton Roulet Accommodations Only

- Provide food-safe gloves for participant to use.
- Provide disinfectant to each group that is camping in one tent.
- Provide disinfectant for all camping and personal gear bag surfaces prior to loading it into a separate gear truck. Contact the Bon Ton Roulet Ride Director.

Transportation

- Provide bussing for sick individuals through a pre-established bussing company if deemed appropriate. Contact the Bon Ton Roulet Ride Director.
- Provide a separate gear truck through a pre-established company if deemed appropriate. Contact the Bon Ton Roulet Ride Director.

6.8 – Addressing Potential Illness Outbreak

(Large Groups)

Participant Responsibilities:

In the event that a health professional deems the condition of more than one person to have an established illness of similar origin, affected individuals are **strongly encouraged** to participate in following activities designed to help prevent the spread of illness;

- 6.81 – Individuals who are experiencing illness are **strongly encouraged** to fill out an Illness Report designed to track and help prevent the spread of illness.
- 6.82 – More frequently wash hands with an antibacterial soap or otherwise sanitize hands using hand-sanitizing liquid.
- 6.83 – Report health condition more frequently.
- 6.84 – Camp in a designated “RESERVED USE” area.
- 6.85 – Refrain from physical contact with others.
- 6.86 – Use designated “RESERVED USE” hygienic facilities (toilets, showers, sinks, etc.)
- 6.87 – Use designated “RESERVED USE” dining and food service facilities.
- 6.88 – Frequently wash clothing and equipment.
- 6.89 – Spray all camping and personal gear bag surfaces with disinfectant spray prior to loading them onto a gear truck.
- 6.810 – Bon Ton Roulet Personnel may require a participant with symptoms of an illness to consult a physician through their health coverage provider before continuing with the tour. Furthermore, the Bon Ton Roulet does not preclude, preempt, limit, supersede, or otherwise infringe on anyone’s right to seek medical attention on his or her own at any time.
- 6.811 – People who are experiencing the symptoms of illness are encouraged to drink plenty of replenish fluids to prevent dehydration.

The Bon Ton Responsibilities:

- Contact the Bon Ton Roulet Ride Director to discuss the illness.
- Encourage participants to observe & obey hygienic practices.
- Expand the *Glove Off Zone* to include the entire overnight stay area including buildings and related structures.

Illness Report

- Provide an Illness Report, encourage details, and fill out the portion labeled “Official Use” (see “Illness Report”).

- Tell participant that health professionals and/or Bon Ton Roulet personnel may review and privately discuss information found on an Illness Report in an effort to address illness appropriately.
- Upon refusal to provide detailed information on the Illness Report a participant with symptoms of an illness may be asked to consult a physician through their health coverage provider before continuing with the tour. Contact the Bon Ton Roulet Ride Director.
- Reporting illness by completing an Illness Report should continue until the participant is no longer exhibiting the symptoms of illness and has been informed that they no longer need to report (see “Establishing the Passing of Illness”).

Reserved Use

- Define a suitable “RESERVED USE” area for campers, an area that is at least 25-yards away from other campers and applicable Bon Ton Roulet utilized accommodations. Post proper signage.
- Designate an appropriate number of toilets and gratis service items, including coolers, for exclusive use by placing “RESERVED USE” signs in a manner that clearly defines exclusive use.
- Provide a “RESERVED USE” section in all dining areas. Where this is difficult to do so, provide an alternate mealtime for people with established illnesses. This mealtime should follow the mealtime for those who are not ill. Post signage with mealtimes.
- Provide trash bags for exclusive use in “RESERVED USE” area. Post proper signage.

Disinfectant for Bon Ton Roulet Accommodations Only

- Provide a separate gear truck through a pre-established company if deemed appropriate. Contact the Bon Ton Roulet Ride Director.

7.0 – Enforcement

This section outlines appropriate enforcement measure, separate from occasional reminders, but is intended to both encourage compliance of this plan and to reduce the potential of illness.

- 7.1 – Encouraged Reminder – In the event that any individual requires an inordinate number of verbal reminders to comply with common hygienic practices, Bon Ton Roulet Personnel are approved to take the following course of actions to encourage compliance:
- Verbally remind the potential offender of their need to comply with common hygienic practices
 - Post proper signage
 - Direct the potential offender’s attention to signage
- 7.2 – Encouraged Compliance – In the event that any individual either refuses to comply with this plan and its requirements, and/or continues to require an inordinate number of reminders to comply with common hygienic practices, Bon Ton Roulet Personnel are approved to take the following additional actions;
- Offer reference materials to the potential offender for them to review and keep. Reference materials may include an Illness Preparedness Plan, Rider Reference, and/or an Illness Report
 - Bon Ton Roulet Personnel should make every attempt to document a potential offender’s acceptance or denial of reference materials
- 7.3 – Active Request – In the event that an individual continues non-compliant behavior subsequent to repeated reminders and documented acceptance or denial of reference materials, Bon Ton Roulet Personnel are approved to take the following additional actions:
- Privately discuss non-compliant issues with the potential offender in a **stern** manner with one other Bon Ton Roulet Personnel member present
 - Bon Ton Roulet Personnel should document non-compliance and details of the private discussion
 - Contact the Bon Ton Roulet Ride Director to discuss documented non-compliant activities

The following actions are reserved for the Ride Director, Director of the YMCA, or appointed Bon Ton Roulet Personnel.

- 7.4 – Health Safety Factors – Before any further action is taken, the following factors regarding an individuals non-compliant activities should be discussed in detail:
- Review any prior negotiated illness prevention measures that may exist with the potential offender
 - Review all documented non-compliant activities
 - Assess the risk of a potential offender’s activities to transmit illness to other people on the tour
 - Review contractual agreements
 - Review of all relevant data
 - Seek, consider, and/or review advice from a health professional
 - Seek, consider, and/or review advice from the local County Health Department
- 7.5 – Final Encouraged Compliance – The following actions mark the final measures to encourage compliance only after considering the previous factors:
- Privately discuss non-compliant issues with the potential offender in a **stern** manner with one other Bon Ton Roulet Personnel member present
 - Bon Ton Roulet Personnel should document non-compliance and details of the private discussion
 - Require an individual to consult a physician through their health coverage provider before continuing the tour
- 7.6 – Removal – Following continued non-compliance and exhausting all options, a person may be asked to discontinue and/or disassociate with the activities, accommodations, or other amenities provided Bon Ton Roulet tour.

8.0 – Rider Reference

(Required Text)

The Rider Reference is a separate flyer that is supplied to the participants, and should bare the specific text noted below.

Welcome to the Bon Ton Roulet A Festival on Wheels through the Finger Lakes!

Cruise ships, restaurants, even other bicycle tours can suffer from rapidly spreading illnesses. These are challenging to prevent, but even harder to stop once they begin spreading. The Bon Ton Roulet has compiled this health safety **DO's** and **DON'Ts** list to help reduce the potential for illness:

DO List:

- DO wash your hands often using antibacterial soap.
- DO use hand-sanitizing liquid, verses not washing hands.
- DO clean your water bottle mouthpiece before drinking.
- DO eat whole & pared fruit served from food-safe gloves.
- DO keep hydrated.
- DO comply with hygiene signage wherever posted.
- DO obtain a new plate with each visit to the food buffet.
- DO report any unsafe hygienic practices you observe.
- DO report any symptom of illness immediately.

DON'T List:

- DON'T eat while wearing bicycle gloves.
- DON'T replace hand washing with hand-sanitizing liquid.
- DON'T “hand wade” in the coolers.
- DON'T store personal items in Bon Ton Roulet coolers.
- DON'T share fruit or other personal consumables.
- DON'T assume you're not sick if you have symptoms.

Please negotiate alternative illness prevention measures with the Bon Ton Roulet Ride Director prior to the start of the tour if

personal, religious, cultural and/or medical issues conflict with generally accepted hygienic practices.

Stomach “bugs”, as these illnesses are often called, can turn your leisurely tour of the Finger Lakes into a race to the... finish! Here are some symptoms that you need to be aware of that may be caused by the onset of illness;

- Nausea and vomiting
- Abdominal cramps
- Diarrhea
- Chills or fever
- Weakness
- Headache

Physical exertion, inclement weather conditions, eating diverse foods or beverages, changes in sleep patterns, or even a simple change in daily habits can trigger symptoms that mimic the onset of illness. **DO NOT** pre-judge your condition. Always err on the side of caution and report your symptoms as soon as they occur.

The Bon Ton Roulet has developed a simple, 5-minute Illness Report to track and help prevent the spread of illness. Anyone who is experiencing the symptoms of illness is strongly encouraged to fill out an Illness Report found at the Information Area.

Dehydration is a key concern for most digestive track related illnesses. You are encouraged to drink plenty of replenish fluids to prevent dehydration if experiencing the symptoms of illness.

Bon Ton Roulet officials may require a participant with symptoms of an illness to consult a physician through their health coverage provider before continuing with the tour. Furthermore, the Bon Ton Roulet does not preclude, preempt, limit, supersede, or otherwise infringe on anyone's right to seek medical attention on his or her own at any time.

For further information about the Bon Ton Roulet Illness Preparedness Plan[®], contact a Bon Ton Roulet volunteer.
